

TOWERS

BUILT WITHIN YOUR AUDIENCE WITH MINIMAL IMPACT
ON CLEAR SIGHT LINES

TOWERS

WWW.STAGECO.COM

IF YOU CAN IMAGINE IT, WE CAN BUILD IT

PROPERTIES

Single freestanding towers > several heights and sections available, limited restriction on the audience's view

Can be used as follow spot and/or delay tower

Different top frames available for easy attachment of sound and spot baskets

Can be combined with up to four exclusive Stageco spot baskets > Baskets are stacked in highly compact dollies

A Stageco 'Eagles Nest' spot basket can be installed on top, providing operating space for 3 follow spots
